DETAILED ACTION

1. Claims 2-3, 5, 7, 16-17, 19, 21, and 31-32 have been presented for examination.

Claims 1, 4, 6, 8-15, 18, 20, 22-30, and 33-36 have been cancelled.

Response to Arguments

2. The Examiner notes the supplied Affidavit, however the Affidavit is not persuasive. The inventor appears to make arguments that Applicant's Representative should be making. Regardless, Inventor has provided no opinion, reasoning or facts and instead offers unsubstantiated conclusion. However the issue is moot, see Reasons for Allowance below.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: The claims are novel and nonobvious over the prior art of record for the following reasons. The prior art of record does not disclose or suggest the following features in light of the specification as well as in combination as arranged in the claims:

"a simulated switch." The Examiner notes that most of the specific elements of the claims are disclosed individually in the prior art, see Notice of References cited, however the "simulated switch" in the combination arranged in the claims is novel and nonobvious over the prior art of record since the "simulated switch" is neither disclosed in the references nor disclosed in the manner as presented by the claims in the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
